NanoBusiness Alliance Federal Roundtable 2010 Office of Foley & Lardner Conference Center - Washington, D.C.

AGENDA

MEETING OBJECTIVES

- Stimulate dialogue between NanoBusiness Alliance Members and Federal Agencies
- Find out the latest on regulatory policy/impending regulatory actions and federal research initiatives
- Familiarize NanoBusiness Alliance members with federal product approval authorities and processes and innovation strategies, with an emphasis on pending developments

8:00am - 8:30am Coffee/Registration

8:30am - 8:45am Welcoming Remarks - Purpose of Meeting
Vincent Caprio, Executive Director, NanoBusiness Alliance

8:45am - 9:45am Regulatory policy movement for nano - Cross-agency and international perspectives
Moderator: Richard A. Canady, PhD DABT, Senior Advisor, McKenna Long & Aldridge LLP

Travis Earles, Assistant Director for Nanotechnology, Office of Science and Technology Policy, Executive Office of the President

Steve Froggett, PhD, Science Advisor, Foreign Agricultural Service - USDA, Office of Scientific & Technical Affairs

Shaun Clancy, PhD, Director of Product Regulatory Services, Evonik, Chairman of ACC Nanotechnology Panel

9:45am - 10:15am
Celia Merzbacher, PhD, Vice President - Innovative Partnerships, Semiconductor Research Corporation
The Nanoelectronics Research Initiative: How Industry Gets Value from the NNI through Public-Private Partnership

10:15am - 11:15am Chemical and consumer product risk management policy and regulatory actions

Moderator: Charlie Auer, Charles Auer & Associates, LLC

Lynn L. Bergeson, Founder, Bergeson & Campbell, P.C.

Jeff Morris, National Program Director for Nanotechnology, EPA/ORD
Sustainable development and EHS research priorities supporting risk management

11:15am - 12:15pm Policy and guidance developments for FDA

Moderator: David Rosen, Partner and Co-chair of the Life Sciences Industry Team, Foley & Lardner LLP.
Member of the firm's Government & Public Policy, and Corporate Compliance & Enforcement Practices and the Health Care, Nanotechnology and Food Industry Teams.

Mitchell Cheeseman, Deputy Director of the Office of Food Additive Safety, Center for Food Safety and Applied Nutrition, FDA Food additive and cosmetics guidance

Subhas Malghan, Deputy Director for Program Policy and Evaluation, Office of Science and Engineering Laboratories FDA/CDRH Science and regulatory issues relevant to review of products containing nanoscale materials

12:15pm - 1:15pm Lunch

1:15pm - 2:00pm Workplace and Worker Protection Issues

Moderator: Phil Lippel, PhD

David O'Connor, Director, Office of Chemical Hazards (Non-metals) presenting for OSHA

Chuck Geraci, PhD, Coordinator, Nanotechnology Research Center, NIOSH

Kristen M. Kulinowski, PhD, Dept of Chemistry, Center for Biological and Environmental Nanotechnology International Council on Nanotechnology, Rice University

2:00pm - 2:20pm

Lynn L. Bergeson, Founder, Bergeson & Campbell, P.C.
Effectively Navigating Your Business around Uncertainties: Making the most from careful planning, regulatory awareness, and smart planning.

2:20pm - 2:40pm

Richard A. Canady, PhD DABT, Senior Advisor, McKenna Long & Aldridge LLP
What did we hear today and what does it mean for business? - Views on compliance, liability and investment based on the regulatory policy movements, from a former insider.

2:40pm - 3:00pm BREAK

3:00pm - 4:00pm

Panel Discussion: NNI EHS Research Priorities and their relationship to risk management decision support: Taking a look at the PCAST Working Group on Nanotechnology and National Research Council's Advisory Committee on "A Research Strategy for Environmental, Health, and Safety Aspects of Engineered Nanomaterials."

Moderator: Vincent Caprio, Executive Director, NanoBusiness Alliance

Terry Medley, Chair, Expert Group on Nanotechnology, The Business and Industry Advisory Committee to the OECD (and Global Director, Corporate Regulatory Affairs DuPont), and Member of the PCAST Nanotechnology Working Group

Jenifer Sass, Senior Scientist, National Resources Defense Council and member of the PCAST Nanotechnology Working Group

Ray Wassel, Senior Program Officer, Board on Environmental Studies and Toxicology, National Research Council

4:00pm - 4:30pm

Anne Meagher Northup, Commissioner, Consumer Product Safety Commission

4:30pm - 4:45pm

Lloyd Whitman, Deputy Director of the NIST Center for Nanoscale Science and Technology, "Supporting the Nanotechnology Enterprise from Discovery to Production"

4:45pm - 5:00pm

Jim Murday, Director of Physical Sciences, University of Southern California, Washington Office, Industry involvement in nanotechnology workforce and education efforts, science standards
